Trishyiraya Recycling India Pvt Ltd	MEPZ, Tambaram	Ewaste management and recycling
Neatt& Clean	Otteri	Waste collection, segregation and disposal
RamkyEnviro Engineers	Ponamallee High Road	Industrial and domestic recycling
Earth Sense	Saidapet	E-waste Management & Handling services
AMBA Recycler Pvt Ltd	Chamiers Road	Soils, Sludges, Hazardous Waste Analysis and Waste Water / Industrial Effluents Analysis
eGEMS	Guindy	Electrical and electronic waste management
G.D. Technology	Nerukundram	Manufacturing & supplying of water & waste water treatment plants
ABS Enviro Tech India Pvt Ltd	Alandur	Manufacturing and supplying a comprehensive assortment of Waste Water Treatment Plants and Reverse Osmosis Plants
Shivsu Canadian Clear International Ltd	Kilpauk	Manufacturers and exporters of advanced technology based water purifying plants & other allied products.

Aer Worldwide India Private Limited, Chennai	Manali New Town	Protecting the environment through reuse and proper recycling of electronic waste (eWaste).
Greenary Creators,	Nanganallur	manufacture, distribute and supply qualitative array of Garden Decor Products, Water Treatment Plant, Rain Water Storage System and Swimming Pool Filters
ShriRaam Recycling, Chennai	Southupakkam Road	Engaged in Recycling of Waste Electric and Electronic Equipment.
Divine Enviro Designs	Selaiyur	An Engineering Procurement & Construction company formulating a green environment in the world
Cmi Metal Recycling(india) Pvt Ltd	Koyambedu	Process used and condemned computers and photo copiers
Balaji Plastics Private Limited	Villupuram	Buys and sells post-industrial plastic scrap and provides recycled resin
Sri Annai Enterprises	Ponnammanmedu	Scrap buyer dealing with all kinds of waste and scrap

INAA Enterprises

Location:Thirumudivakkam, Chennai

Line of Activity: Electronic Waste Recycling.

Website: <http://www.inaaenterprises.com>

The company is an electronic waste recycling company engaging in recycling E-waste with zero discharge and landfill.

The company provides door –door solutions for companies that generate huge quantities of E-waste especially BPO’s, software companies, hospitals, banks and other sources that generate E-waste.

The company offers a 24*7 service to manufacturing and service oriented companies in order to facilitate the different work timings of the units, thus not affecting their routine schedules and their services.

Some of the equipment that INAA enterprises recycle are:

- Large & Small household appliances
- IT and telecommunications equipment
- Consumer equipment and Electronic gadgets
- Lighting /Wired equipment
- Electrical and electronic tools
- Toys, leisure and sports equipment
- Medical devices (with the exception of all implanted and infected products)

- Monitoring and control instruments of engineering Machines.

Ultrust Solutions (I) Pvt Ltd

Location: Kolathur, Chennai

Line of Activity: Collection, recycling and safe disposal of electrical & electronics scraps.

Website: <http://www.ultrustsolutions.com/index.html>

The company assists in Data Erasure, Logistics, Collection of Electronic Waste, as well as provides providing waste management and recycling services.

Their clients are mostly in in computer hardware, electronic, and diverse manufacturing industries that uses plastic, metals and alloys.

Ultrust Solutions is the first and among very few organisations that has received approval from Tamil Nadu Govt Pollution Control Board for clearing all types of E-Waste.

Some of the key highlights include:

A zero discharge recycling facility (in the outskirts of Chennai, Andhra Pradesh Border- Gummidipundi) one of the few in the country.

- The company claims to possess unique techniques to sort, separate, and upgrade scrap to turn out usable and saleable forms.
- They have a separate logistics department and vehicles that can handle all the needs and make all necessary arrangements to get the material transported to their factory

Poseidon Solar Services Pvt Ltd,

Location: SIPCOT Industrial Complex, Gummidipoond

Website: <http://poseidonsolar.com/>

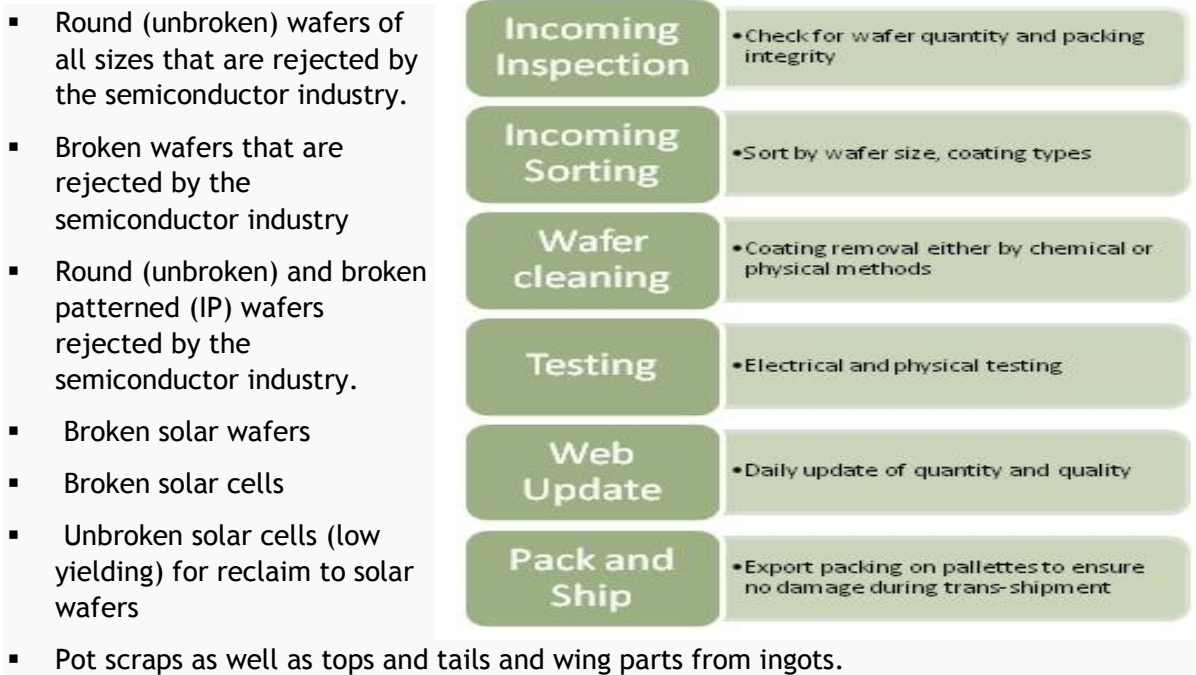

Poseidon Solar Services Pvt Ltd provides silicon recycling services for the solar industry and provides turnkey solar installation services.

In addition to the recovery of useful silicon, Poseidon is equipped for the implementation of cradle-to-grave or cradle-to-cradle design for our customers.

Poseidon Solar Services Pvt Ltd is the first exclusive and automated recycling facility focussed on the solar PV industry in the world.

The recycling facility is automated and therefore eliminates the need for human contact with the chemicals, which ensure the safety of the operators and the quality of the product.

Poseidon Solar Services Pvt Ltd offers recycling services for the following kinds of Silicon for use in PV.

Poseidon prides itself in providing an extremely transparent service to its customers. Real-time web updates is provided to our customers at every stage in the process including, incoming inspections, testing results, pictures and quantity processed on a daily basis.

SBS Paper Recycling Pvt.Ltd.,

Location :Royapuram, Chennai

Website:<http://sbpaperrecycling.com>

SBS Paper Recycling Pvt.Ltd., provides recycling services for many waste materials including cardboard/office papers and all kinds of paper waste.

The company operates in Chennai and surrounding areas from and has three collection centers at Ambattur, Tondiarpet or Royapuram.

The company is collecting wastepaper from offices, banks, industries, BPO, printing presses, factories, educational institutions, and all over Chennai city. They also collect materials from supermarkets, packaging units, printing presses, banks, offices & manufacturing companies.

The company provides free-on site audit to determine which waste material can be segregated from the waste stream and recycled to get the highest saleable value.

The material is sorted and baled at any one of their collection centers. The material is then dispatched in totality to papermills for recycling into finished paper. The sellers can get in return either money or any products of paper.

The company operates its own transport facility which includes 8 pick-up vans.

kuppathotti.com

Location: Ashok Nagar

Website: <http://www.kuppathotti.com/>

This has been started to help out busy people to throw away and get money for their pile of house hold junk like old newspaper, milk cover, broken things and plastic wastes etc., at door step.

This recycling service is not confined to organisations but also to individuals want to get rid of newspapers, milk covers, plastic waste etc from their houses.

All that has to be done is to give one's details in their website - Trash Reques - <http://www.kuppathotti.com/main.php?key=SALE> and fill out one's co-ordinates and the stuff that has to be sold off.

One of the suppliers from Kuppathothi.com will be in touch as soon as this request is submitted and will be there at the doorstep for waste collection.

Paperman

Location :Aminjikarai

Website:<http://www.paperman.in/>

Paperman is a social venture launched with the objective to raise the spirit of recycling; they identify the PAPERMAN (old paper dealer) as the pillar of recycling.

Paperman assists schools in starting recycling program to save trees and make social giving.

- Earth Sense Recycle Pvt. Ltd. is an initiative of India's first Bio-Medical Waste Management & Handling company M/s. GJ Multiclave (India) Pvt. Ltd.
- Provides comprehensive E-waste Management & Handling services on a PAN Indian basis. They collect all types of E-waste like de-bonded assets or any other electrical & electronic equipment which have become obsolete end of its life; E-waste includes Batteries, CFLs, Tube lights, CDs, Toner Cartridges, Floppies, etc.
- Services include segregating & dismantling of e-waste, recovery & refining of precious metals, breaking of CRTs and recycling the glasses, On site defacing of hard disks, Data destruction, Recycling of metals and plastics, Logistics services, Environment, health & safety systems.

SERVICES:

- Segregating & Dismantling of e-waste
- Recovery & Refining of Precious metals
- Breaking of CRTs and recycling the glasses
- On site Defacing of Hard Disks
- Data Destruction
- Recycling of Metals and Plastics
- Logistics Services
- Environment, Health & Safety systems

Incepted in 2000, G.J.Multiclave (India) Pvt. Ltd. is India's first Bio Medical Waste Management Company, providing solutions for safe and scientific disposal of Bio Medical waste.

AMBA Recycler Private Limited

Location: Chamiers Road

Line of Activity: Soils, sludges, Hazardous Waste Analysis and Waste Water / Industrial Effluents Analysis

Website: <http://www.ambarecycler.in/>

About the company:

- The AMBA RECYCLER PRIVATE LIMITED is a state of Art laboratory established in the year October, 2009.
- The laboratories provide testing, and laboratory consulting services on a commercial basis for environmental monitoring and assessment for compliance to regulations, water/effluent quality for industrial and domestic applications, and a variety of other processes and products.
- ISO 9001- 2008
- National Accreditation Board for Laboratories (NABL)- IS-17025
- They have the latest equipment of Gas Chromatograph, Atomic Absorption Spectroscopy, High Performance Liquid Chromatography, Spectrophotometers, etc for conducting the analysis.
- The company is the process of establishing a most Modern & Advanced Biofuel Plant using micro algae in photo chemical bio reactors. A company with a vision to be a major producer of Bio fuel to replace the nature dependent crude largely under extinction.

SERVICES:

- Microbiology Laboratory Services
- Environmental Laboratory Services
- Chemical Laboratory Services

The company has diversified interest in Solar Thermal Energy, Gas Based Power Generation, Engineering & Equipment Manufacturing for Greener Technologies.

eGEMS

Location: Guindy

Line of Activity: Electrical and electronic waste management

Website: <http://www.globalewastemanagement.com/index.html>

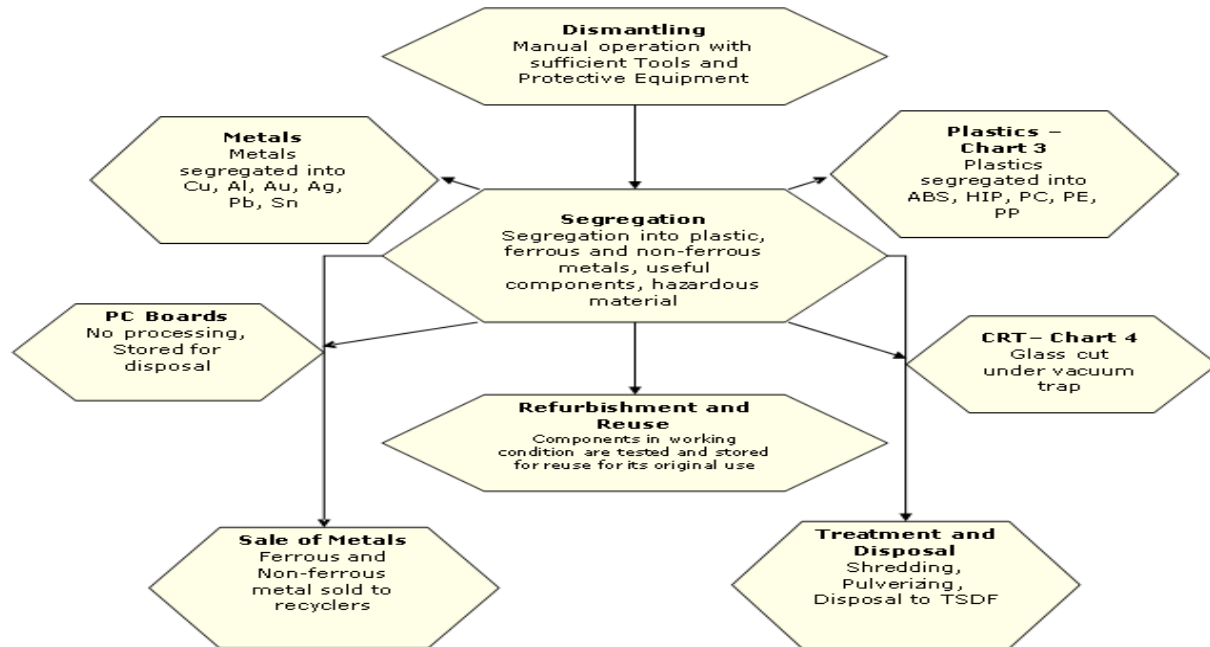

About the company:

- Steps in e-waste handling include sorting, identify usefulness, identify hazardousness, dismantling, segregation and treatment/disposal
- With over 20 years of experience in handling industrial hazardous waste, partners of this organization have entered into electrical and electronic waste management in India.

SERVICES:

- Computers with CPU, monitor, other peripherals
- Printers
- Telecommunication equipment
- Photocopy machines
- Fax machines
- Other office automation products
- Electric, Electronic tools
- Wires, Cables
- Metal, plastic cabinets
- Electric, Electronic consumer products
- Laboratory equipment
- Monitoring systems

The company has diversified interest in Solar Thermal Energy, Gas Based Power Generation, Engineering & Equipment Manufacturing for Greener Technologies.

G.D. Technology

Location: Nerkundram

Line of Activity: Manufacturers & Suppliers of water and waste water treatment plants

Website: <http://www.slideshare.net/IndiamartBrochures/gd-technologies#btnNext>

About the company:

- Leading manufacturers and suppliers of a wide range of Water & Wastewater Treatment Plants.
- G.D. Technology offers broad spectrum of unique Sand Filters and Carbon Filters, Water Treatment Plants, Sewage Treatment Plants, Reverse Osmosis System, Waste Water Treatment Plant, Ultra Filtration System, Membrane Bio-Reactor Plant, D.M. Plant, Effluent Treatment Plant.

SERVICES:

- SandFiltersandCarbonFilters
- RawWaterTreatmentPlants
- ReverseOsmosisPlants
- SewageTreatmentPlant

ABS Enviro Tech India Pvt Ltd

Location: Alandur

Line of Activity: Manufacturing and supplying a comprehensive assortment of Waste Water Treatment Plants and Reverse Osmosis Plants

Website: <http://www.absenvirotech.com/>

About the company:

- ABS Enviro Tech India Pvt Ltd was established to solve the demand and supply of fresh water and potable drinking water for Industrial, Commercial, Process and Residential purposes.
- ABS has successfully Designed, Manufactured, Installed and Commissioned a number of water treatment and waste water treatment plants. They Offer wide range of Water Pre-Filters ,Water treatment plants like Reverse Osmosis Plant, De-mineralisation Plant, Ultra Filtration Plant, Water Softner Plant and Sewage Treatment Plant, Effluent Treatment Plant, Recycle RO Plant of various capacities.

Shivsu Canadian Clear International Ltd

Location: Kilpauk

Line of Activity: manufacturers and exporters of advanced technology based water purifying plants & other allied products.

Website:<http://www.indiamart.com/shivsu/profile.html>

About the Company:

- The entire product assortment is designed & developed in accordance to high reliability, safety and optimization standards well specified in the global arena.
- We are efficient in designing & developing of reverse osmosis plants, desalination, waste water treatment, ultra violet sterilizers, ozonators, micron filters, automatic stretch pet blowing machine, filling machines, pet machines.
- The company also won a 3 Million USD order for Bottle Water Project from Federal Electrical and Water Department U.A.E.

They have secured a 5 Million USD contract against global competition for the supply of Containerized Desalination Units to the US Defence through M/s. Hurrnsbury Ltd. U.K.

Aer Worldwide India Private Limited, Chennai

Location: Manali New Town

Line of Activity: protecting the environment through reuse and proper recycling of electronic waste (eWaste).

Website: <http://www.indiamart.com/aer-worldwide-pvtltd/>

About the Company:

- AER Worldwide is a leading de-manufacturer with a focus on the redistribution of components. It also end-of-life processes the non-resellable part of the electronic waste stream it receives from its customers in an environmentally sound manner.
- AER Worldwide functions as an independent distributor of integrated circuits. They focus on obtaining new and used excess and obsolete integrated circuits and sell them via direct sales to OEM, CEM, ODM, broker and distributor markets.
- Certified by the U.S. Department of Defense (DoD) for completely and totally erasing data from disk drives.

Services:

- Electronic Waste Stream Recycling
- Computer Equipment
- Hardware Service
- Waste Management Services
- Serial Number Tracking Service
- Component Service
- Precious Metals Processing Service

Software algorithm is DES/DOD endorsed for completely and thoroughly sanitizing any disk device to the following standards: DOD 5200.28, NCSC-TG-025, AFSSI 5020, OPNAV 5510 and AR-380-19
Meets latest U.S. Department of Defense 5220.22-M disk erasing standard

Greenary Creators, Chennai

Location: Nanganallur

Line of Activity: manufacture, distribute and supply qualitative array of Garden Decor Products, Water Treatment Plant, Rain Water Storage System and Swimming Pool Filters

Website: <http://www.greenerycreators.com/>

About the Company:

- Designed and developed in strict adherence with set industry standards, the range comprises Compound Wall Extension, Veranda & Indoor Gates Lattice, HDPE Drain Board, Regular Model & Flat Cup Drainage Cell, Ball Planter, Vertical Gardens, Matrix Flooring and Ground Mats.
- Highly skilled, experienced and well versed with the intricacies of the involved processes, these professionals work in adherence with the GRUE concept (GREEN BLUE), which opts Landscape Engineering, as an efficient medium of displacement.

Services:

- Vertical Garden Development
- Terrace Garden Design
- Garden Peripherals
- Rain Water Storage System
- Drainage Cell
- Matrix Lattice
- Picket Fencing
- Ground Mats & Accessories
- Industrial Plastic Sheets
- Wall Panel & Accessories
- Grass Pavers
- Planter Box
- Tower Ball Planter
- Wood Plastic Composite
- Mosaic Tiles
- Pond Liners
- Garden Nets
- Shade Net

ShriRaam Recycling, Chennai

Location: Southupakkam Road

Line of Activity: engaged in Recycling of Waste Electric and Electronic Equipment.

Website: <http://www.indiamart.com/company/5853933/>

About the company:

- They are committed to provide the best price of scrap to their honourable clients. Therefore, along with being a socially responsible entity, they are also a client-centric organization.

Services:

- Waste Keyboard
- Waste Monitors
- Waste Motherboard
- Waste Random Access Memory
- Waste Ups
- Waste Capacitor
- Waste Cable

Divine Enviro Designs

Location: Selaiyur

Line of Activity: an Engineering Procurement & Construction company formulating a green environment in the world

Website:<http://www.divineenvirodesigns.com/>

About the Company:

- DED are commitment to the environment keeps it in the forefront of product innovations, purifications and recycling management technologies.
- The company will afford turnkey solutions from Environment Management Survey, Concept, Feasibility & Pilot Plant Studies, design and Engineering, Erection & Commissioning, Inspection, Operation & Maintenance, Annual Maintenance Contract, Upgrading & Modernization of Plants, Operators Training.

Services:

- Total Green Environmental survey.
- Feasibility & Pilot Plant Studies.
- Design & Engineering.
- Project Management.
- Erection & Commissioning.
- Inspection.
- Operation & Maintenance.
- Annual Maintenance Contract.
- Upgrading & Modernization of plant.
- Operators Training.

DED developing a system called ALPHA-es. The goal of the research process is to produce new knowledge, or deepen understanding of a topic or issue

Cmi Metal Recycling(india) Pvt Ltd

Location: Koyambedu

Line of Activity: process used and condomed computers and photo copiers

Website:http://www.recycleinme.com/rim-metal_recycling/home.aspx

About the Company:

- They process used and condomed computers and photo copiers and we and sell all kinds of used/scrap machineris and e-waste

Balaji Plastics Private Limited

Location: Villupuram

Line of Activity: buys and sells post industrial plastic scrap and provides recycled resin

Website:<http://www.balajiplastics.com/>

About the Company:

- BPPL is a full service plastics compounder and distributor of polymers with more than 3 years of service to the plastics industry
- BPPL compounds post-industrial plastics to provide cost effective, high performance resins for film, pipe, sheet extrusion and injection moulding applications. BPPL specializes in, LLDPE/LDPE, HDPE and PP compounds.

Services:

- Gaylord Boxes
- Ldpe Polymer
- Nylon Polymer
- Pet Polymer
- Plastic Collapsible Bins
- Pp Polymer
- Pvc Polymer
- Rolloff Boxes
- Storage Trailers

Sri Annai Enterprises

Location: Ponniammanmedu

Line of Activity: scrap buyer dealing with all kinds of waste and scrap.

Website:<http://saechennai.com/>

About the Company:

- They buy all types of Plastic scraps Thermacole, wooden pallets, Iron pallets, corrugated waste, PP, LDPE, HDPE, LLD & HMS, HABS, ABS, MS punch, SS boaring& Punch, Aluminium, Copper, Brass, Magnet, Lead dross, PCB boards all type of electronic items, modem for the purchased goods, we will arrange the transportation on our own.
- Sri Annai Enterprises has been proven to pay up to 15% higher than their competitors.
- They also perform toll work and warehousing.
